

Starting a new training program or moving into practice? Are you relocating?

Where is your career taking you this year? There's a lot of things you'll need to take care of before your move, and RSNA is one of them. Help us keep in touch so we can continue to provide you with access to your membership benefits. If you've been a member with us during your training years and have transitioned into practice, don't miss out on your special first and second year graduated dues rates!

We know you have a lot on your plate and we want to help make life a little easier. This is why we've created a change-of-address checklist.

Don't forget to update the following:

Tell your family and friends.

File a change of address with the Postal Service to forward your mail. You can do this online by visiting <https://www.usps.com/>.

Update your RSNA account. You can visit your myRSNA profile page after logging into your account to update your address, or you can send a quick email to membership@rsna.org and we'll do it for you!

Update your healthcare provider:

- Provide a change of address to your insurance company
- Select a new primary care physician in your area (visit the insurance company's website or check the website of local hospitals)
- Don't forget to take care of any outstanding healthcare bills

Update your information with the following financial resources:

- Checking, savings, and investment accounts
- Investment accounts
- Mortgage / tax information
- Major credit cards and department store cards
- Car dealership / financing / auto insurance
- Student loan service(s)

Get your I.D.s in order:

- Driver's license and state ID
- Voter registration
- State medical license / specialty board
- Passport

Don't forget your utilities, you don't want a surprise showing up on your credit report:

- Electric
- Gas
- Water
- Cable

One more tip...

When you're moving, you'll have a lot of *stuff* and not everything is going to be with you at all times. This is why it's important to pack at least five days worth of apparel in a special suitcase that will be with you at all times (five shirts, pants/skirts, socks, and shoes). This suitcase will include items such as unmentionables, PJs, your toiletry bag, and any important documents that you can't let out of your sight. By doing this, you'll be ready for the next five days while you unpack and get settled in your new place!

RSNA is here to make your transition easy. Contact us any time at membership@rsna.org and tell us how else we can help you.
