

RSNA PRESIDENTS CIRCLE

ANNUAL GIVING PROGRAM BENEFITS

Established in 2001, the RSNA Presidents Circle program was created to encourage RSNA members and friends to support the future of the radiologic sciences by giving back to their profession on an annual basis.

Annual donations of \$1,500 or more qualify an individual to join this dynamic community of Foundation supporters. Donations from Presidents Circle members are used to fund a specially named Research Resident grant each year.

More than 200 members strong, the RSNA Presidents Circle demonstrates the power of a community dedicated to the future of radiology and related scientific disciplines. Join this dedicated group of supporters today and donate online at RSNA.org/Donate.

“As the recipient of the Presidents Circle/RSNA Research Resident Grant, I have had the unique opportunity to not only learn about hypothesis-driven research during my residency, but also the ability to work with research leaders throughout my institution. The grant has given me a taste of the extensive collaboration necessary to build a successful research career and the invaluable opportunity to access a network of potential mentors.”

Marta Heilbrun, M.D.
Former Presidents Circle Grantee
